AutoStore

Small, **M**edium or **L**arge. Hvilken AutoStore passer til din virksomhed ?

Det **største** AutoStore er det samme som det **mindste** men **800 gange større**.

Case study | Development of Boozt.com

- Accumulated number of robots⁽¹⁾

Element Logic has delivered 3 grids, 9 extensions, 1243 robots, 1 245 000 bins and 301 ports to Boozt since 2017 - all without interfering with operations, with excellent uptime and productivity every day

Proven ability to play the role as the trusted partner through close-knit and sticky customer relationships...

Element Logic is **continuously in discussions** regarding new extensions, enabling Boozt to stay ahead of the growth curve
